Please read the information sheet before you do the survey: go to www.clapa.com/ or call 020 7833 4883 to request a copy.

Have you ever asked your doctor a question about clefting to which he/she did not know the answer? Do you have an unanswered question about the cause, management or outcome of clefting? Do you think that answering that question through research will help to improve the lives of people with a cleft?

This is your chance to make your views known.

To help you, here are some examples of unanswered questions about other health problems:

- Are breathing exercises helpful in controlling asthma?
- What is the evidence for gargling aspirin to relieve a sore throat?
- How safe is it for my baby if I am breastfeeding and taking antidepressant medication?
- Is monochloroacetic acid more effective for the treatment of warts than liquid nitrogen?

By participating in this survey you are agreeing to allow us to publish the questions you identify in the UK Database of Uncertainties about the Effects of Treatments (UK DUETs – www.library.nhs.uk/duets). Your name will not be published.

What question(s) about cleft lip and/or palate would you like to see answered by research? (You can submit as many or as few as you like.)

1. 
2.  

3.  

4.  

*If you wish to submit more than four unanswered questions, please continue on a separate page.*
Some questions about you

It would be really helpful for our research to know a little more about you, so we would be grateful if you could answer the questions in this section. However, if you would prefer not to, then just leave it blank.

**Which of these best describes you? (Please tick all that apply)**
- I am a person aged under 18 with a cleft of the lip/palate
- I am a person aged 18 or over with a cleft of the lip/palate
- I am a carer or relative of someone aged under 18 with a cleft of the lip/palate
- I am a carer or relative of someone aged 18 or over with a cleft of the lip/palate
- I am a health professional
- I am part of an organisation representing people with clefts of the lip/palate
- Other – please describe

**You only need to answer this question if you are answering as a clinician or healthcare professional. (Please tick ONE box)**

In which area do you primarily work?

<table>
