

# HELP US IMPROVE THE TREATMENT OF ACNE

## HOW?

Go to [www.acnepsp.org/survey](http://www.acnepsp.org/survey) and fill in the survey now or text 'SPOTS' to 88020

## WHY?

There are big gaps in the evidence needed to make acne treatments more effective. Please tell us which you think are the most important ones.

**NEED MORE INFORMATION BEFORE DECIDING? THEN GO TO**

**WWW.ACNEPSP.ORG**

In collaboration with

Harrogate and District   
NHS Foundation Trust

## KEY FACTS

- 3 million teenagers and young adults in the UK have acne
- Acne often causes physical and emotional scarring
- Acne is lasting longer and can start in adulthood
- There is very little public sector research

## WHO SHOULD TAKE PART?

- Healthcare professionals
- Other treatment providers
  - People with acne
- Their parents or partners
  - Anyone else with an interest in acne
