IBD Priority-Setting Survey March & April 2014

Would you like a say in what research should be done to help people with inflammatory bowel disease (IBD)?

Take part in an easy survey, either online

<https://www.rcpworkforce.com/se.ashx?s=253122AC1B07B294>

or on paper (ask for your copy at the clinic).

All the groups whose logos are shown here (the IBD Priority-Setting Partnership) want your opinion on what research is needed.

The project aims to influence what research gets funded, so that **patients can benefit** from advances that really mean something to them.

Complete the survey today and help make a difference!
